

Nextbook Tablet

Electronics You Can Use at Any Budget!

If you like reading books, browse Internet, listen to music, view your favorite photo albums or videos, Nextbook is your new best friend. Its sleek design, touch screen feature, color display, WiFi, is just amazing. Nextbook comes with free, preloaded 25 books, and App Market Place. With one touch, you can open your favorite book and enjoy it. When fully charged, you can read up to 10 hours. Nextbook now partnered with Borders.com. Which means – just a few taps you can easily access to the Border eBookStore and download eBooks directly.
